I Have Made Over 1 Million Dollars in Sales Using This Strategy.

Hi Raamakant, consider this an "Unsolicited" note. I just heard of your site from Jeff Dedrick. I decided to join. **I think this is one of the best JV sites to partner with and it uses OTO's.**

I have made over 1 Million Dollars in sales using this strategy.

In fact, I had a primitive site like this asking people to partner with me to share with my One Time Offers.

After seeing what you have here, it is time for me to force mine into retirement. I will be sending people here when they are looking for a Plug-and-Play way to do OTO's.

I mean this sincerely, Great job! I am truly impressed.

This is The Best Way I've Found So Far.

I've just got my membership to your OTOGoldmine and wanted to write you to let you know that **I'm very impressed with this new product.** I wasn't sure what to expect, but was looking for ways to monetize some of my other sites and **this is the best way I've found so far.**

The OTO's can be used anywhere and are practically written for you. They convert well too!

Great job on a fantastic product. Now I'm on the lookout for more things to offer my niche audience but when I find them I can just plug them right in!

You Should be Charging an Arm and a Leg for this System!

Hi Raamakant,

I checked out your system and got pretty excited at the possibilities. I'm not a newbie by any means but **I do see value in my business for your system.**

There's no doubt that one-time-offers work like gangbusters. The problem is that creating these offers takes time, effort and resources which many people simply don't have.

Your ingenious system allows people to simply make a few selections, paste some code on their site and cash the checks. It really is that simple so you're not dumbing it down. **You should be charging an arm and a leg for this system!**

This is one of the Coolest Sites that I have Seen in awhile.

Congratulations! **This is one of the coolest sites that I have seen in awhile.** I know that it will help hundreds of people to reach their dreams of finally making some money online.

Earlier this year I built lists of over 16,500 people before I put up my first OTO page. I bet that **I have lost well over \$50,000 this year by not doing it sooner.**

OTOGoldMine Presents "The Big Book of Testimonials".

You have made this so simple for people to use. No one has to go through the trouble of setting up their own OTO ever again.

After just a few minutes and a couple of clicks I was able to have a complete OTO page that I could start using immediately.

Thanks for the great resource.

ONE of The Most Profitable Systems Ever Created For Marketers Out There.

Hey Raamakant,

This is surely **ONE of the most profitable systems ever created for Marketers out there** without their own One-Time-Offer page or for those who feel difficult coming out with one.

Alright for people reading this, I've just tried it myself and it really can't get simpler than doing these 4 simple steps:

- ✓ Click "Create A Campaign".
- ✓ Click on OTO package you like (it's already prepared).
- ✓ Fill in the redirect link if people choose to continue to the next page.

And lastly, put the OTO link into wherever you want to direct your visitors whether it's after signup, buying a product from you and so on.

If you wanna get a short-cut to owning a profit-pulling One-Time-Offer with good copy, then this is for you.

I'll Bet This Will be a Wonderful Income Stream For Many People...

Raamakant,

Wow! Just like you do every time - You have created a great new product and a great new affiliate income stream for all of us!

I am so excited about your new project for two reasons. First, I sent a notice to all my students of my Jet Fighter Internet Training Program telling them to go and get your new offering, because they would get something great, and I wanted my members to see how a real master of internet marketing operates!

And second, **My goodness Raamakant, what a conversion rate your site has!**

Here in just the first couple of hours, I've gotten notices of \$500.00 in commissions from you! **I'll bet this will be a wonderful income stream for many people, thanks to you.**

The "Just stick in a piece of code" concept where you do all the work was a great idea, and makes it so that any one can easily earn affiliate commissions from you.

Thanks again, for the great program and the great additional way for all of us to make money online. I like what you have done so much that I've actually changed my company home page to feature it!!!

Hi Raamakant,

I can't believe how simple you've made this! I know first hand how using OTO's can explode your profits online but you've just made it so much easier!

Usually I'd have to go and find products to sell, get the resale rights to them, write the sales copy and then put up the whole page. Not any more :-)

The best thing is that you don't even need a product or a website to use this! **I just wish you had brought this out a year ago,** it would have saved me a lot of work and made me a LOT more money.

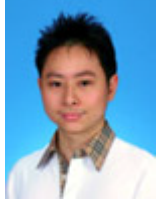

Congratulations on an amazing site!

Hi Raamakant,

"OTO Goldmine" is unique. I've tested your system thoroughly, and everything works perfectly. That's not something you find on many sites!

I can see **no** reason why a complete "newbie" can't use your powerful OTO system and set up an OTO in just minutes. There are no longer any reasons why every internet marketer can't start to exploit the power of the OTO.

I'll certainly be recommending all of my Pupils at my Newbies School of Internet Marketing to sign up right away.

This is One of the Easiest to Implement Yet Most Brilliant Plans...

Thank you Raamakant, for demonstrating two things to me:

1. You are a brilliant marketer and dedicated businessman.
2. You are a trustworthy JV Partner.

How else can I describe the friend who pursued me with the deed to a "Goldmine" and simply wanted to give it to me...for LIFE? He wouldn't let me pass this up because he didn't want me leaving any more money on the table.

Once I saw its simplicity and power, I immediately picked up and implemented one of his "nuggets", and I will begin "mining gold" from the moment the site goes live. **This is one of the easiest to implement yet most brilliant plans for utilizing One Time Offers I have ever seen.**

No wonder Raamakant named it "OTOGoldMine". Don't make the mistake I ALMOST did and leave this page empty handed. Grab your "deed"!

**I Have Made 1000 Dollars Profit

Hi Raamakant,

I just wanted to share my success with you.....

I signed up for your oto goldmine a couple of days before I launched my new site....

I quickly placed an oto on my site in less than 10 minutes after I signed up for your program.

Well..... **3 days after launching, I have made 1000 dollars profit off the oto alone**, and my clickbank cheques, are going to be getting better each pay period.

I put the page on the site <http://www.launchyourproducts.com> and your oto system fit right into what my site teaches about building sites, and launching sites to the masses.

Your program could not have been a better fit for mine, and **I am so glad I got an email about your service just days before the launch...**

I know without a doubt, that my previous oto page that I was going to release would not have converted near as good as the 10% it is getting me on my site....actually, looks more like 13%.

You Made It So Easy For A Newbie Old Timer...

Hi Raamakant,

I just had to write, as you can see I am one of the New Generation of Mature Students/Entrepreneurs having only started a year ago but now with 60 something websites online I am pretty stretched.

So it was a Godsend to discover OTO GOLDMINE and have been using OTO's ever since, I bore everybody stiff when I start on the subject, my list, my friends and my family ... they all know the product as well as I do.

I could not believe how simple it was, I had heard of OTO's before but this is so much easier. My sites in the main are in the PLR and Master Resale Rights markets which fortunately for me are tailor made for explosive OTO's.

Somebody else said it but it is true ... you do not even need a product or a website to use this.... and I reiterate what so many have said, **I could have saved a lot of work and made more money if I had found you earlier.**

I had been researching many of the different Internet marketing programs that ALL of the most respected Internet marketing specialists had to offer.

Yes, they all have good programs but not GREAT enough for new people. I couldn't recommend OTO GoldMine higher. It is the absolute best system for new Internet marketers.

Raamakant, you have developed the most amazing, out of this world system for newcomers to finally get serious about GREAT Internet marketing. This is by far the only system for me and many others to come. It blows the competition out of the water.

It is evident that you put a strong dedication into this and that it will reflect in member's bank accounts. I have been looking for something to recommend to new people. And I have found it at last. Excellent job!

You have truly provided a great service to the IM community, Raamakant!

With OTO Goldmine, you can make so much more without the need to purchase all those products. Most affiliate programs only allow you to promote their products AFTER you make a purchase. With OTOG, you don't have to spend your hard earned cash to purchase a product to promote.

I have included it on all my sites as the 404 and I can hardly wait to see what my Paypal and Clickbank stats are!

I used to purchase groups of products just to offer to my readers, NO MORE! Now I can direct those funds where they belong, in my wallet! The OTOG products are some of the same that I purchased to resell.

Now I get my commissions without any cash outlay! You have truly provided a great service to the IM community!

When I first happened upon the OTO Goldmine website my first thought was to click of and go somewhere else. You see these "Great Offers" everywhere you go nowadays, but then I looked a little closer. What I realized was, if true, **this was one of the best deals on a multitude of software titles and ebooks that I have seen.**

Several of the selections I had wanted to purchase directly from the manufacturer's website at the same cost of the entire OTO Goldmine package. All I can say now is it was well worth it. If you can find a better deal anywhere, let me know because I haven't found it yet!

If you are sitting on the fence trying to decide whether to join OTO Goldmine, then you should only have to consider one factor: will it work for me? Yes, of course, it works for you, me, and the next guy!

How do I know this? The same way you will know if you think about it. How many one time offers have you realized were truly amazing deals and you knew that clicking the "Yes" button on that page was a heck of a lot smarter than hitting the "no thanks?" So, you admit, you've hit that "yes" button several times in your marketing career, right? Okay, there's your answer right there.

Join OTO Goldmine and **get this marketing machine working for you**. You don't even have to spend time trying to write the offers! It just doesn't get any better than this!

Immediately when I first read the opportunities available in the OTOGoldmine.com system I saw that here is a brilliant opportunity for newbies and hard core marketers alike.

Of course if you do have your own website – then there are even more opportunities for you to earn with OTOglodmine.

Dear Raamakant, OTO Goldmine is one of simplest, most effective systems to bring in extra income I have seen in a long time!

This is going to help many people bring in extra streams of income they didn't even know existed. And what's great is it can be used by anyone... experienced marketers to beginners who are just learning their way around, and you don't even need a website to start using the system!

What's really amazing is **the highest conversion and highest paying offers are now at your fingertips to profit from!**

But then I knew about OTOGoldmine and instantly I did grab the opportunity and installed it effortlessly into my prime site.

Dear Friend Raamakant S.

OTOGoldMine Presents "The Big Book of Testimonials".

My name is Kevin Wiens, I just wanted to drop you a quick note to say, that you have given the BEST Customer Service I have ever received!

I have been doing this for about 2 years now. As a virtual "novice" I could not crack the code and figure out how to get it (my website) off the drawing board. Until I discovered your OTO Goldmine and your Intensive Giveaway sites, both on a professional level and on a personally level **you have given me the tools that I needed as a person with no money for advertising etc. to take it to the NEXT level.**

You have always way over delivered to the "little" guy, out there like me. I am eternally grateful. Thank for always getting back to me with a speedy response with a personal answer to my simple questions even at 3 a.m. in the morning. Yes I do some times stay up and work all night trying to get it right on my webpages.

You have given me free tools, as well as very inexpensive ones to further my educate. I have learned more in three weeks about html and coding than I have in the last year and a half, thanks to you and the videos you gave me by Louis Allport! I now know how to set up my links and get paid, how to be an affiliate marketer, without a website if necessary. I cannot Thank you enough Raamakant,

Sincere BEST wishes for your continued Success may you Receive back Double what you have given others.
